

Assisted Living on Broadway

February 2016 Newsletter

Broadway Buzz

Welcome to our first newsletter! Here we will pass along information and keep you updated about what's been happening at the community.

- We are happy to say that our house is currently full with 9 residents! You will see some construction going on for the next couple months as we turn the garage into 3 more private rooms. There should be no disruption to our daily routines in the home, but please excuse any dust or contractor vehicles outside.
- In addition to the new rooms, we will also be working on getting the outdoor area improved and ready for the nicer weather. Plans include a walking path, gazebo and raised beds for planting, as well as concrete on the driveway. We are excited to be developing the grounds for better use by our residents and families!
- Getting a return on your state taxes? Consider giving a buck or 2 as a donation to the Alzheimer's Association through Checkoff Colorado. Even a dollar contributes to the fight against Alzheimer's Disease.
