OUTDOOR VISITATION POLICY

The Colorado Dept. of Health still has restrictions in place regarding only essential personnel coming into the building, but outdoor visitation is allowed with protocols. Protocols include screening, masks, and social distancing in an outdoor area.

We will be allowing outdoor visiting in September with the restrictions that were in place in July. Visits must be scheduled with the Administrator 2 days in advance and are limited to 2 people for no more than 30 minutes. Visitors will follow our current protocols of temperature check and symptom screening, and masks will be required (we can provide). Visits will take place in the secured outdoor area under the pavilion. Visitors will not be coming into the house. No food or drinks should be brought for the resident.

Each family member can have 1 visit during the month, with each resident being limited to 2 visits this month. **Please do not call the house or office phone to come on a moment's notice. We will not be able to accommodate a visit that is not scheduled.** Window visits will still be allowed with prior notice.

We are of course still concerned about introducing the virus into our community. Especially with schools opening, the potential for exposure is more possible. Thank you for your understanding as we strive to protect your loved ones during this time!

Spotlight on Our Menu!

We want to spotlight the wonderful meals that are planned and prepared for the residents!

Rose does a great job at managing our kitchen and planning the menu. Fresh, wholesome ingredients are used to make nourishing home-cooked comfort food. Take a look at some of the delicious meals that have been served this past month.!

Activities

Even though we can't bring in outside activities and entertainers right now, we are still maintaining activities at the house.
