FAMILY MEETING TOPICS

We had our quarterly family meeting over Zoom on January 27th. We had a great turnout! Thanks to those who attended. Below are topics we discussed.

• COVID Vaccine Clinics

The first vaccine clinic on January 18th went very well. The second vaccines will be administered on February 8th. We have a third clinic scheduled for March 1st as some will be receiving their first dose on Feb. 8th.

• Visitation / Outside Activities

We are hoping to allow indoor visits in March if visitor has been vaccinated too, but we are still obligated to follow CO Dept. of Health regulations. We have contacted our visiting activities people (musicians, Montessori group, etc.) and they are all scheduled to complete their vaccinations in February. Hopefully, we can begin to offer those types of activities in March too. We will keep you posted!

• Outside Appointments

Outside appointments for essential healthcare reasons are allowed. Please inform Iren to coordinate.

• Staff / Resident COVID Testing

Staff are still being tested by nasal swab twice per week. If a resident leaves the house for an essential outside appointment, they will be tested a couple of times afterward.

• Foot Care Clinic / Dental Hygiene

We had a foot care clinic on January 19th which was much needed! Our previous RN has sold her business to Trisha Jones, RN and she did a wonderful job. There will be another one in March. We are also planning to have the dental hygienist come in March. Look for more info to come.

• Misc

Please feel free to contact Iren to discuss care plans or any other concerns you may have.

Walking Club!

We are so fortunate to have sunny days in the winter to get out for walks! Walking Club will be a regular activity.
