

Assisted Living on Broadway

March 2021 Newsletter

Broadway Buzz

Indoor Visitation will be available starting March 22nd!

Colorado Department of Health guidelines will be followed. The first of their criteria, which is now the average 2 week positivity rate, has been met.

Positivity - The facility must be located in a county that has less than 10% average two-week positivity rate as determined by the COVID-19 Colorado dial dashboard.

Arapahoe County is currently at 3.6%. We will need to monitor this number, but all counties in the state are trending down so we feel hopeful that this index will remain low enough for indoor visiting going forward. We are starting on March 22nd because 2 of our residents just received their 2nd vaccine this week, so we'd like to give them the full 2 weeks+ for best immunity. Visits will take place in the office with air filtration.

Per state guidelines:

- For residential home-like facilities, indoor visitation must be limited to **one visitor for one resident at a time** with no congregating of individuals or groups of residents or visitors in the area being used for indoor visitation.
- Limit individual resident visits to 45 minutes.
- Require visitors to schedule an appointment for the visit.
- Screen all visitors. Perform temperature check and symptom screening, collect contact information.
- Require visitors to wear masks which cover their nose and mouth during the entirety of the visit.
- Residents should wear masks which cover their nose and mouth unless it is medically contraindicated.

Our guidelines:

- A negative COVID is preferred and would be keeping in best practice. We could do a test for you if you like.
- If you have traveled, we would like you to wait 2 weeks upon return before visiting.

Please contact Iren 720-383-8083 with questions or to schedule a visit. We appreciate you planning with us so we do not have overlapping visits or last-minute visits. Read the full list of Mandatory Requirements from the state at: <https://docs.google.com/document/d/1ISIIDVr8Exwyws1jdhAI97IMPBXfadpUNDyucvLPCtY>

Spotlight on Hair Styling!

We are thankful to Rose for keeping our ladies and gentlemen styled and looking great through this year! Hopefully we can have a hair stylist coming regularly to the house again soon.

We are pleased to say that Sensory Outings is returning to the house on Thurs. March 18th!

For newer families, Sensory Outings is a Montessori-based activities program where a facilitator comes to the house once weekly to engage the residents in a variety of activities designed especially for memory care. SOC staff are now fully vaccinated, so we are able to have them come weekly again. We plan to have some of our other outside activities start back up in April

Check out <https://sensoryoutings.org> for more info.

Activities

Catered Restaurant Dinner
Everyone really enjoyed the meal from Olive Garden on Valentine's Day.

We received cards from kids at a local middle school. The residents really liked all the fun greetings!

Bingo
